Independent Auditor's Opinion

October 26, 2018

The Honorable Mayor and Board of Trustees
Village of Brighton
Brighton, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Brighton, Illinois, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Fax (217) 368-2424

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Brighton, Illinois, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison, IMRF Schedules of Changes in Net Pension Liability, and notes to the required supplementary information on pages 35-43 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Village of Brighton, Illinois' basic financial statements. The combining and individual nonmajor fund and enterprise fund financial statements, and the schedule of assessed valuations, rates, extensions, and collections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund and enterprise fund financial statements, schedule of assessed valuations, rates, extensions, and collections, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor and enterprise fund financial statements, and the schedule of assessed valuations, rates, extensions, and collections, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 26, 2018, on our consideration of the Village of Brighton, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Village of Brighton, Illinois' internal control over financial reporting and compliance.

Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards*

October 26, 2018

The Honorable Mayor and Board of Trustees
Village of Brighton
Brighton, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Village of Brighton, Illinois, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Village of Brighton, Illinois's basic financial statements, and have issued our report thereon dated October 26, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Village of Brighton, Illinois's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Village of Brighton, Illinois's internal control. Accordingly, we do not express an opinion on the effectiveness of Village of Brighton, Illinois's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#2 Crossroads Court
Alton, Illinois 62002
(618) 465-1196
Fax (618) 465-2900

100 S. State Street
Jerseyville, Illinois 62052
(618) 498-6246
Fax (618) 498-3384
www.lmtcpas.com

1105 Main Street
Greenfield, Illinois 62044
(217) 368-3011
Fax (217) 368-2424

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Village of Brighton, Illinois's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Reconciliation to Statement of Net Position:

Fund Balance

Amounts reported for governmental activities in the statement of net position are different because:

Capital Assets used in governmental activities of \$3,427,109 net of accumulated depreciation of \$1,698,759, are not financial resources and, therefore, are not reported in the funds

Long-term liabilities, including government obligation notes payable, are not due and payable in the current period and therefore are not reported in the funds. Long-term liabilities at year-end consisted of:

General Obligation Note Payable
Capital Lease Payable

Net pension obligation is not due and payable in the current period, therefore, is not reported in governmental funds.

Net position of governmental activities

See Accompanying Notes to the Basic Financial Statements.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Village of Brighton, Illinois conform to accounting principles generally accepted in the United States of America as applicable to governmental units. Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements and the fund financial statements for the proprietary funds, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

1.A Financial Reporting Entity

As the governing authority, for reporting purposes, the Village is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government (the Village), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Village for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes, but is not limited to, the Village appointing a voting majority of an organization's governing body, financial interdependency and accountability for fiscal matters.

Based upon application of these criteria, the Village of Brighton is not aware of any outside agencies that should be considered for inclusion as a component unit of the Village. In addition, the Village of Brighton is not aware of any entity which would exercise such oversight as to result in the Village being considered a component unit of the entity.

1.B Basis of Presentation

Government-Wide Financial Statements --

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1.B Basis of Presentation (Continued)

Government-Wide Financial Statements -- (Continued)

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. The Village presently has no fiduciary funds. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b) Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Major Funds consist of:

Governmental Funds --

- a) General Fund -- The General Fund is the primary operating fund of the Village and always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.
- b) Special Revenue Funds -- Special Revenue Funds are used to account for the proceeds of the specific revenue sources that are either legally restricted to expenditures for specified purpose or designated to finance particular functions or activities of the Village.

<u>Fund</u>	<u>Brief Description</u>
Business District Tax	Accounts for revenues and restricted expenditures generated by businesses within the limits of the business district.
Street & Bridge	Accounts for street operation and maintenance within the Village.
Tort Insurance	Accounts for general insurance coverage for the Village.
Parks & Recreation	Accounts for general park and recreational activity and maintenance within the Village.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1.B Basis of Presentation (Continued)

Proprietary Funds --

- a) Enterprise Funds -- Enterprise Funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges, and the measurement of financial activity focuses on net income measurement similar to the private sector. The Village includes the following Enterprise Funds, all of which are reported as major funds:

<u>Fund</u>	<u>Brief Description</u>
Water	Accounts for the activities of the public trust in providing water services to the public.
Sewer	Accounts for the activities of the public trust in providing sewer services to the public.

1.C Fund Balance Reporting

Effective May 1, 2011, the Village adopted the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The objective of the statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. Fund balances are to be classified into the five major classifications:

Nonspendable Fund Balance -- The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. The Village had \$469,858 of nonspendable funds at June 30, 2018.

Restricted Fund Balance -- The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The Village had restricted funds for proceeds in excess of expenditures from property tax levies, sales tax revenues and motor fuel taxes of \$251,891 at June 30, 2018.

Committed Fund Balance -- The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1.C Fund Balance Reporting (Continued)

The Village commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. No committed fund balance exists at June 30, 2018.

Assigned Fund Balance -- The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted or committed. Intent may be expressed by the Village Trustees or by the Mayor when the Village Trustees have delegated the authority to assign amounts to be used for specific purposes. The Village had \$49,363 of assigned fund balances as of June 30, 2018.

Unassigned Fund Balance -- The unassigned fund balance classification is the residual classification for amounts in the General Fund and Non-Major Governmental Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds.

For the purposes of fund balance classification, the Village's policy is to have expenditures spent from the restricted fund balances first, followed in order by committed fund balance (if any), assigned fund balance (if any) and last unassigned fund balance.

1.D Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus --

In the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus, within the limitations of the accrual basis of accounting, as defined in item "b" below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus, as applied to the accrual basis of accounting is used as appropriate:

- a) All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1.D Measurement Focus and Basis of Accounting (Continued)

- b) The proprietary fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent, financial or nonfinancial) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting --

In the government-wide Statement of Net Position and Statement of Activities are presented using the economic resources measurement focus and the accrual basis of accounting. This basis recognizes all assets and all liabilities in the statement of net position. The accrual basis of accounting revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The Village considers revenues to be available if they are collected within 30 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is current.

The governmental fund financial statements are prepared using the current financial resources measurement focus and the accrual basis of accounting. Since the governmental fund financial statements are presented on a different basis of accounting than the government-wide statements' governmental column, reconciliations are presented on Statement "C" and Statement "D", which briefly explain the adjustments necessary to transform the fund based financial statements into the governmental column of the government-wide presentation.

Proprietary funds are presented in the financial statements on the accrual basis of accounting, similar to the basis used by government-wide statements and are accounted for on a flow of economic resources measurement focus. Under this basis, revenues are recognized in the accounting period when earned and expenses are recognized in the period they are incurred.

1.E Assets, Liabilities and Equity

Cash and Cash Equivalents --

For the purpose of financial reporting "cash and cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less. Trust account investments in open-ended mutual fund shares are also considered cash equivalents.

Investments --

Investments classified in the financial statements consist entirely of certificates of deposit whose original maturity term exceeds three months, and mutual funds. Certificates of deposit are carried at cost, and mutual funds are carried at market value which approximates fair value.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1.E Assets, Liabilities and Equity (Continued)

Governmental Receivables --

Long-term receivables due to governmental funds are reported on their balance sheets, in spite of their spending measurements focus. Special reporting treatments are used to indicate; however, that they should not be considered "available spendable resources," since they do not represent net current assets. Recognition of governmental fund type revenues represented by noncurrent receivables is deferred until they become current receivables.

Capital Assets --

The Village's accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

a) Government-Wide Statements

In the government-wide financial statements, capital assets arising when the related fund liability is incurred are accounted for as assets in the Statement of Net Position. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable. Estimated historical cost was used to value the majority of the assets acquired prior to June 30, 2005.

Depreciation of all exhaustible capital assets arising from cash transactions is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. A capitalization threshold of \$5,000 is used to report capital assets. The range of estimated useful lives by type of asset is as follows:

Buildings	40-50 Years
Improvements other than buildings	10-25 Years
Machinery, furniture, and equipment	3-20 Years
Utility Property and Improvements	10-50 Years
Infrastructure	25-50 Years

b) Fund Financial Statements

In the fund financial statements, capital assets arising when the related fund liability is current acquired for use in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets acquired for use in proprietary fund operations are accounted for the same as in the government-wide statements.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1.E Assets, Liabilities and Equity (Continued)

Long-Term Debt --

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements.

Long-term debt arising from transactions of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as the treatment in the government-wide statements.

Equity Classification --

a) Government-Wide Statements --

Equity is classified as net position and displayed in three components:

1. Net position invested in capital position, net of related debt -- Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
2. Restricted net position -- Consists of net positions with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net position -- All other net positions that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

b) Fund Financial Statements --

Governmental fund equity is classified as fund balance. Proprietary Fund Equity is classified the same as in the Government-Wide Statements.

1.F Deferred Outflows/Inflows of Resources

In addition to assets, the government-wide and fund financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position/fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1.F Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the government-wide and fund financial statements include a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position/fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

1.G Internal and Interfund balance and Activities

In the process of aggregating the financial information for the government-wide Statement of Net Position and Statement of Activities, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements --

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

1. Interfund Loans -- Amounts provided with a requirement for repayment are reported as interfund receivables and payables.
2. Interfund Services -- Sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
3. Interfund Reimbursements -- Repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
4. Interfund Transfers -- Flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

Government-Wide Financial Statements --

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

1. Internal Balances -- Amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the Statement of Net Position, except for the net residual amounts due between governmental and business-type activities, which are reported as Internal Balances.
2. Internal Activities -- Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers -- Internal Activities. The effects of interfund services between funds, if any, are not eliminated in the Statement of Activities.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1.H Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives in determining depreciation expense) at the date of the financial statements. Actual results could differ from these estimates.

NOTE 2. CASH AND INVESTMENTS

The following methods and assumptions were used by the Village in estimating the fair value of its financial instruments:

A. Cash and Cash Equivalents

The carrying amount reported in the Statement of Net Position for cash and cash equivalents approximates its fair value.

B. Investments

Fair values, which are the amounts reported in the Statements of Net Position, are based on quoted market prices, if available, or estimated using quoted market prices for similar securities.

Cash and investments as of June 30, 2018 are classified in the accompanying financial statements as follows:

Cash	\$ 1,115,597
Investments-Time Certificates	<u>1,219,102</u>
Total	<u>\$ 2,334,699</u>

C. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the Village manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

D. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

E. Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Of the Village's total cash and investments, \$0 was uninsured.

NOTE 3. PROPERTY TAXES

Property tax revenues are recorded on the "deferred method". Because of the extraordinarily long period of time between the levy date and the receipts of tax distributions from the County Collector, the property taxes are not "available" to finance current year expenditures. The current year tax levy is recorded as income when received.

The Village's property tax is levied each year on all taxable property located in the Village on or before the last Tuesday in December. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on or about September 1 and October 1. The Village receives significant distributions of tax receipts approximately one month after these due dates. Property taxes recorded in these financial statements are from the 2016 and prior tax levies.

The following are the tax rates limits permitted by State Statute and by local referendum and the actual rates levied per \$100 of assessed valuation:

	<u>Limit</u>	<u>Actual</u>	
		<u>2017 Levy</u>	<u>2016 Levy</u>
General Corporate	0.4375	0.29584	0.28872
Police	0.6000	0.07581	0.07581
Civil Defense	0.0500	0.00377	0.00367

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 6. LONG-TERM DEBT

During the fiscal year ended June 30, 2013, the Village entered into a loan agreement with the Illinois Environmental Protection Agency. As of June 30, 2014, the Village had been advanced \$1,075,739. The agreement states the loan is for \$1,163,881 with an annual interest rate of 2.295%, payable semi-annually over a 20 year term. As part of the loan, a total of \$533,169 would be forgiven by the State of Illinois pursuant to principal forgiveness provisions included in the loan rules. Total principal payments of \$24,786 and interest payments of \$11,028 were made during the fiscal year ended June 30, 2018. The following is a schedule of repayment:

<u>Date</u>	
2019	\$ 35,814
2020	35,814
2021	35,814
2022	35,814
2023	35,814
2024-Thereafter	371,746
Less Imputed Interest	<u>(88,934)</u>
	<u>\$ 461,882</u>

During the fiscal year ended June 30, 2014, the Village issued a General Obligation Tax Note for \$900,000 dated June 4, 2014, with a variable interest rate between 1.25% and 4.00%, to be paid off in semi-annual installments beginning on December 4, 2014, with final installment due June 4, 2024. Principal and interest payments of \$85,200 and \$19,880 respectively, were made during fiscal year ended June 30, 2018. Below is a schedule of repayment:

<u>Date</u>	
2019	\$ 106,290
2020	107,362
2021	108,088
2022	108,556
2023	108,980

NOTE 6. LONG-TERM DEBT (Continued)

During the fiscal year ended June 30, 2017, the Village entered into a loan agreement with the USDA Rural Development. The loan was for \$1,525,000 with an interest rate of 2.625% to be paid off in annual installments varying from \$25,000 to \$65,000. Annual installments began on May 1, 2018, with the final installment due May 1, 2055. Principal and interest payments of \$25,000 and \$37,057 respectively, were made during the fiscal year ended June 30, 2018. Below is a schedule of repayment:

<u>Date</u>	
2019	\$ 63,719
2020	63,062
2021	62,406
2022	61,750
2023	61,132
2024-Thereafter	1,620,200
Less Imputed Interest	<u>(545,563)</u>
	<u>\$ 1,386,706</u>

A capital lease was entered into during the fiscal year June 30, 2015, for a Caterpillar Compact Track Loader. The cost of the equipment was capitalized for \$38,150 and is to be split between the Water Fund and Street and Bridge. The lease is for a period of 60 months at a 3.2% interest rate and monthly payments of \$370 are required. The following is a schedule of future lease payments:

<u>Date</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 3,653	\$ 787	\$ 4,440
2020	<u>22,591</u>	<u>535</u>	<u>23,126</u>
	<u>\$ 26,244</u>	<u>\$ 1,322</u>	<u>\$ 27,566</u>

A capital lease was entered into during the fiscal year June 30, 2017, for a 2017 Ford Explorer. The cost of the equipment was capitalized for \$32,880. The lease is for a period of 3 years at a 2% interest rate and quarterly payments of \$2,833 are required, with a final option payment of \$1. The following is a schedule of future lease payments:

<u>Date</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 5,619	\$ 251	\$ 5,870

Legal Debt Margin	<u>\$ 1,698,014</u>

NOTE 8. DEFINED BENEFIT PENSION PLAN

IMRF Plan Description

The Village's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Village's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-District public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 8. DEFINED BENEFIT PENSION PLAN (Continued)

Employees Covered by Benefit Terms

As of December 31, 2017, the following employees were covered by the benefit terms:

	<u>IMRF</u>
Inactive Plan Members or beneficiaries currently receiving benefits	10
Inactive Plan Members entitled to but not yet receiving benefits	18
Active Plan Members	<u>10</u>
Total	38

Contributions

As set by statute, the Village's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Village's annual contribution rate for calendar year 2017 was 7.77%. The Village also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The Village's net pension liability was measured as of December 31, 2017. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability in the December 31, 2017, actuarial valuation was determined using the following actuarial methods and assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Aggregate Entry Age Normal
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	26-year closed period
Asset Valuation Method	5-year smoothed market; 20% corridor
Wage Growth	3.50%
Price Inflation	2.75%, approximate; No explicit price inflation assumption is used in this valuation.
Salary Increases	3.75% to 14.50%, including inflation
Investment Rate of Return	7.50%
Retirement Age	Experienced-based table of rates that are specific to the type of eligibility condition; Last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.
Mortality	RP-2014 Blue Collar Health Annuitant Mortality Table, adjusted to match current IMRF experience. For disabled lives, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2018

NOTE 8. DEFINED BENEFIT PENSION PLAN (Continued)

Net Pension Liability (Continued)

Other Information:

Notes: There were no benefit changes during the year.

* Based on Valuation Assumptions used in the December 31, 2015, actuarial valuation; note two year lag between valuation and rate setting.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2017:

<u>Asset Class</u>	<u>Portfolio Target Percentage</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	38%	6.85%
International Equity	17%	6.75%
Fixed Income	27%	3.00%
Real Estate	8%	5.75%
Alternative Investments	9%	2.65-7.35%
Cash Equivalents	<u>1%</u>	2.25%
Total	100%	

Single Discount Rate

A Single Discount Rate of 7.50% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.50%, the municipal bond rate is 3.31%, and the resulting single discount rate is 7.50%.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO THE SCHEDULE OF CONTRIBUTIONS SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2017 CONTRIBUTION RATE

Valuation Date: Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2017 Contributions Rates:

Actuarial Cost Method	Aggregate entry age = Normal
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	27-year closed period
Asset Valuation Method	5-year smoothed market; 20% corridor
Wage Growth	3.50%
Price Inflation	2.75%, approximate; No explicit price inflation assumption is used in this valuation.
Salary Increases	3.75% to 14.50%, including inflation
Investment Rate of Return	7.50%
Retirement Age	Experienced-based table of rates that are specific to the type of eligibility condition; Last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.
Mortality	RP-2014 Blue Collar Health Annuitant Mortality Table, adjusted to match current IMRF experience. For disabled lives, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Other Information:

Notes: There were no benefit changes during the year.

* Based on Valuation Assumptions used in the December 31, 2015, actuarial valuation; note two year lag between valuation and rate setting.

VILLAGE OF BRIGHTON, ILLINOIS

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2018

BUDGET LAW

- A. The proposed budgets are presented to the Finance Committee for approval. Once approved, the budgets are presented to the Board of Trustees for final approval.
- B. Prior to the last of September, the Board of Trustees formally adopts the budget. The budget was passed on September 11, 2017.

The legal level of budgetary control is the fund level. The budgetary expenditure comparisons in the basic financial statements are from approved budgets for all funds.

BASIS OF ACCOUNTING

The budget is prepared using the cash basis method of accounting.

EXPENDITURES OVER BUDGET

The following funds had actual expenditures in excess of budgeted expenditures for the year ended June 30, 2018:

Street & Bridge	\$24,408
