<u>Visitors</u> - Norvel and Carol Ghere, Michael and Georgia Mulrean residents of George Street had made an insurance claim with the Village on damage received during heavy rain to a garage and storage shed. They told the board that they have a video of the Village pumping water into their yards. They asked why the Village was lying to the insurance company and telling them that the Village was not pumping any water from the lift station on Palmer Street. They claim they have never had water in the past and when it quit raining the water continued to rise. Farmer said the Village would like to enlarge the ditch behind Mobile Street to take more water away. Dan, John and Bill would like to see the video when Dan returns in a week. The mayor told the Ghere's that after they have seen the video they would talk to the insurance company.

4-H Farmhands - Natalie Johnson, Lacy Norton and Becky Gersen asked Mayor Oertel to sign a proclamation declaring June as Official Dairy Month in Brighton. The girls with there leaders served refreshments to all present.

Representatives of Illinois-American Water Co. had submitted a proposal several months ago and asked if any of the board members had any questions. Most members have not had a chance to review. Attorney Watson suggested that the Village should have an independent study done on the value of the property. Mayor asked if current office employee's would be retained. The company would have to look into that further. Representatives told the board that if there is an interest in selling the water they would continue negotiations, if not the members should tell them and not spend anymore time on it.

Glen Pruett owns property at 102 S. Maple Street and asked the board if he could obtain a lease for the alley next to his house. Residents have used the alley for years for parking. Attorney Watson said that all streets and alleys in Brighton are dedicated to the use of the public so the board does not have the legal right to lease the alley. The only thing they could do would be to abandon the alley, but then the property would be split between adjacent property owners. The board decided not to take any action but the residents can use the alley for parking.
