

Brighton, Ill.
Sept. 13, 1961

Special meeting presided over by H. G. Bott.

Trustees present: R. Crowder, Geo. St. Cin, Malcolm Anders, E. Kamp, Fred Scheffel, Cal Vonnahmen.

City Engineer was also present with Sewer Project Layout. He said he was ready with Sewer Lines but Disposal Plant was still in the process of drawing.

He answered questions asked by members of Village Council. Possibly there will be 5 Lift Stations. Four of the pumps will be 125 gal. per minute capacity, the one at Cross Street and Brown will be larger capacity. He said all homes would be served but several which had basements lower than sewer lines. He also has not established any estimate of approximate cost. *Be ready Oct. 9, 1961*

Furnace for City Hall discussed. Motion by Geo. St. Cin that Clerk publish a request for bids in Alton Evening Telegraph for a new stoker-fired furnace for City Hall. Seconded by E. Kamp. Carried.

Motion by Geo. St. Cin that meeting be adjourned. Seconded by R. Crowder.

Edwin G. Polster

Village Clerk
