Pres. Jones states Police need for Betsy Ann Day Aug 6. Asks permission of Board to name 4 or 5 Spl
 Policemen for that day namely Messrs Prohauer, Chas Dehne, John Dams
 Trustee Stale moves that appointments accordingly be made - seconded, put & carried Unanimously "Aye"
 Policeman Meyers states shortage of iron street lamps & is told to have a local tinner make them.
 Pres. Jones states needs of Betsy Ann Day additional light. Near grounds & upon discussion it is agreed
 to use 2 or 3 up iron lamps at grounds that evening.
 Clerk Jones as an individual states that outside influences - that is outside & apart from the
 Brighton Band & the Betsy Ann Association realizing the approach of that day without Band
 music provided for, & believing negotiations between them at a stand & understanding that in
 fact no "Betsy Ann Money" appropriation had been made for the Band, it is desired & he is
 delegated to ask our Village to consider the allotment from the Village Treasury funds of a sum
 sufficient to pay our Band \$30.00 to play plus 25¢ per head admission fees to the grounds - the
 warrant to be drawn accordingly; if the Band will act upon the matter & if the Betsy Ann
 Association officers will accept their musical service. & further states that he will not
 name the peace promoters but stand for the proposition alone, & has a guarantee behind it
 that should any one proceed to engage the Village from such use of its funds - these people
 will pay costs of suit if any incurred & refund the Village Treasury in full. That these people most
 earnestly desire harmony in all things that day & with that object only in view ask these things &
 you do not wish to mix up in the matter personally. & that positively no member of the Band is
 directly or indirectly concerned or has even the slightest knowledge of this matter -
 discussed & Trustee Bott moves the plan be adopted & funds so allotted & paid if served.
 seconded by Giller & upon the vote being taken, Trustees Bott, Giller, Lonsch, Voted Aye. Stale No.
 on Motion of Trustee Stale meeting adjourned W. H. Scadell Village Clerk

Clerk's Note: The Clerk immediately instructed 10 or 12 Members of the Band to secure their leader & notify the Betsy Ann
 Assn. as above - Report results: Aug 4, 9 o'clock a.m. understands Band is not wanted under pay by or through any source.

Pres. Jones calls attention of the Trustees to shortage of street lamps - discussed. Trustee Stale moves the purchase of lamps at \$6.00 each & place them where needed. Motion seconded & carried unanimously. Pres. Jones calls attention of the Trustees to the matter of good deal of complaint to him about Night Watchman - Chas. Miller & Brown had ceased paying him, Becker. Matter discussed & finally concluded to rest: on motion of Trustee Stale meeting adjourned. W. H. Goodlee Village Clerk.

1909. Oct 5th: Regular Meeting of the President Board of Trustees of the Village of Brighton, in the County of Macoupin, Illinois. Meeting called to order by Pres. Jones who directs the Clerk to call the roll, which being done results as follows. Pres. Jones present Trustee Hermes present Trustee Giller present Trustee Fensch present Trustee Bean present Trustee Stale present Trustee Bott present. Minutes of last preceding meeting were read on motion of Trustee Stale approved. Trustee's Report showing \$16.08 was read on motion of Trustee Stale approved. Bill for Rollings \$25.05 Street Lamp & Public Supplies was read, on motion of Trustee Hermes allowed & ordered paid. " " Brighton Lbr Co. \$1.85 " Cement \$31.95 " Other Street & walk items was read Trustee Stale moves its allowance. Trustee Hermes asks who ordered that Cement. Pres. Jones remarks "Street Committee anything to say." Trustee Stale remarks - "Some of the Gentlemen now on the Board seem to be ignorant of past customs in this regard: that since the year 1906 the Street Committee has had such matters left to it & has been expected the past 3 years to build & repair streets & walks where in their judgment they saw fit: the Street Committee ordered this Cement accordingly for new walks. Pres. Jones takes issue with Trustee Stale remarking it has been customary as a rule that the president be instructed to order Cement & while he does not object to the walks now under construction he does object to it having been planned as it has - not only without the board approval in meeting or outside of meeting, but in the face of his personal request to cease work with after the matter was taken up in this meeting: that the finance Committee had instructed him to make the protest he did so." Trustee Stale remarks Mr. president you certainly did object to the walk itself - in your interview to me saying "let them walk through the mud &c." Trustee Hermes remarks it is his understanding that it takes a majority of the Board to build a walk. Trustee Bean - that the duties of the Street Committee are to repair & rebuild only &c. Then Pres. asks what to do with the bill & directs the Clerk to re-read it - which being done results in the Board acting upon the motion of Trustee Stale "Aye" allowed & ordered paid.

Communication from Bones of A. P. Ry. Co. expressing readiness upon request to furnish men to do 2500 work of work at Brown Street Xing: Village the same - Co. to then furnish unloaded 2 Cars Cinders for a top dressing was read & discussed. Trustee Bott moves that we join the P. people in fixing the Xing. seconded by Hermes - put & carried unanimously. Aye.

Petition of Brighton for Jacob Lawrence for opening alley from P. of way near to an alley was read. Trustee Bean moves its adoption. The Clerk is asked what he knows about the situation. States the premises were first platted as land, afterwards into lots - this alley being narrow I think 14 feet, with a ditch through it for the Village to Culvert & drainage to look after. Trustee Hermes inquires why can't a gate be put in the East end. Mr. Mason majority owner of lots affected states he had offered Mr. Lawrence that very plan, privilege. Mr. Lawrence states he does not wish to turn upon Masons land other than the Alley way. Mason states that there has been a gate to his pasture & a culvert built by himself for Lawrence. Beneficial in hauling that when Lawrence bought his lot he stated he wanted not want that alley opened. Mr. Lawrence remarks that the Corn Rows in Masons pasture makes hard even dangerous pulling, likely to break a horses leg. The man doing his hauling refuses to haul through that gate way any more. That he wants the alley opened. Bean Motion does not receive a second. Trustee State Remarks. Now gentlemen, you have paid for the labor & material for this new walk, shall it be built or shall the material lay there. Trustee Lonsch suggests "the walk be finished". Trustee State moves that the walk be built - seconded. Carried "Aye". Trustee Hermes remarks that hereafter let no new walk be built without the Board. Trustee State moves to adjourn. Mrs. W. L. Hunt asks attention. States, that as president of the Betsy Ann Association he is here to say to the Board. Our plan is to spend all our money on the Street Road beginning in front of the Brown place & going as far East as we can. We ask the Village to tile the Corporation territory where necessary & put it in condition for the Rock. Team work for hauling the Rock is all promised. The labor expense will be small. The State Engineer says tiling one space about 150 feet is the only remedy for seepage there. The space is about 150 feet only. That the Street Commissioner Clark labor can do it. That the Highway Commissioners are going to join us beyond the Corporation line. That by making all our work in one body we can get state aid. Trustee Lonsch asks Mr. Hunt "why not put some of this Betsy Ann Rock drain near Gus. Rosaltgers." Hunt replies "we must put it in the worst place this year & go to the next worse place next year. Crepeals we only need 150 feet tiled now &." Pres. Jones refers the statement of Mr. Hunt for action. Trustee State Remarks - that "it appears the Citizens of this Village have been lured into a belief that the money they spent at Betsy Ann would be spent on the streets of Brighton. The Betsy Ann bills said "Macadamize the Streets of Brighton" Now they want to take it away. Mr. Hunt asks generally "who made the Betsy Ann money" I say if we made \$500.00 we made \$300.00 from the Country people. Trustee Lonsch states generally. This money should be spent on the streets. Mr. Hunt replies - well if it is, we might as well quit - they wont patronize us any more. Trustee Liller asks Mr. Hunt "didn't the bills say it was to go on the streets?" Trustee State moves we reject the proposition made by Mr. Hunt. Specifies 5 bad mud holes on main street needing these Rock which the Street Committee had been waiting some time to get hold of so these bad places might have needed attention. Pres. Jones states the State will not help us Mr. State unless our Rock is continuous. Our fair cannot help us this year because as stated by Mr. Hunt the orders were far more than the supply but their Engineer said we better go ahead & buy the Rock from Allon. He thought came aid us in securing a low freight rate. Mr. Chas. Boreau asks to be heard. States prior to my leaving last week the Betsy Ann Association Committee said they expected the State Engineer here to consult about Rock. I now understand we are not going to get state aid right away. last week I suggested it might be well to begin hard streets near the Center of town & build out to the edges instead of commencing outside & working in. then next year work on out & go ahead with state aid next year. That plan is in my opinion the best now &.

Pres. Jones asks disposition of this subject. Trustee State moves to adjourn. seconded by Trustee Batt Motion. Carried "Aye". Nays None. So this meeting adjourned & interlineated.

H. Goodlee Village Clerk.

[illegible][illegible]

Pres Jones introduces subject of a Nuisance Offense committed on property in which 2 of our Citizens reside. Suggests that we as a Village offer a reward for prosecution of the Culverts whoever they may be. Calls for Mr Simmons to state extent of the Nuisance. He states the mess was made with as many as 8 eggs anyway. Councils inspection. Pres Jones again expresses himself as in favor of offering a substantial reward for conviction of the offenders - discussed. Pres Jones refers to the prevalent custom of small boys running the streets around the Depot P.O. - Censoring old people especially "Mobbles", who was present. Chas Knapp, Ziegler's Candy Boys as offenders. discussed. Pres Jones then remarks that some of our Citizens want a Curfew law. Of course that action would necessitate a lay over of the matter. Perhaps by publishing a resolution to reward for arrest & conviction for the Nuisance committed last night much good could be accomplished. Trustee State remarks we need enforcement of the Ordinances as they are only, instead of standing by as one of them did on "Halloween" adding Caetting Violations. Recker asks who he means to state it is. "Hear" designates the place on East side of Main Street. Pres Jones mentions the fact that he had charges against this same Officer some time ago which were ignored by the Board. One Dickerson, asks the Board to take steps to keep boys especially his off the streets. Trustee State states as positive information that he knows some people can name 3 or 4 persons believed to have been mixed up in the Egg throwing. Suggests that Pres Jones make complaint against the boys before our P.M. Trustee Hervey remarks if we need a Curfew law let us pass it. Further - if our Police Officers don't do their duty its time to take his skin away from him. Trustee Lausche remarks thinks it would be well to notify parents to keep their boys at home. Suggestions as to Curfew discussed. Trustee Hervey moves we make a law to keep all boys under 16 off the St. Upon discussion Reference to the City Atty. who states it is a difficult proposition to make effective & flawless. That any such action needs requires much research & many conferences with our Board - the motion was lost. Chas Lausche complains of small boy Halloween pranks & denounces the perpetrators bitterly. Trustee Bean again refers to the Egg episode. Trustee State makes a little talk as to our Officers being too tender hearted. Councils that the thing for them to do is enforce present Ordinances - collar all offenders & put them in the Calaboose for safe keeping until tried. Trustee State moves to adjourn. Trustee Giller states we need some lumber for several Culverts. Pres Jones says has told Comr Laus to see what can be bought for - that there is some of the desired sort at Schmales. Length discussed - Trustee Giller stating that a 12 ft Culvert is not long enough to turn over in a narrow street. Trustee Batt moves that enough proper Oak flr be bought to build the needed Culverts & Motion Carried. Trustee Lausche moves that a ditch on west side of Road near Gus Rottgers North be cut & properly deepened by the Street Comr. Motion seconded by Trustee Hervey & Carried. Trustee Batt orally presents Complaint of Miss Carrie Stewart as to opening ditch from Boehme's to Heuts. Pres Jones says will send the St. Comr. over to attend to it. On motion of Trustee State meeting adjourned.
