Pres. Jones introduces subject of leaky Calabazas roof suggests the Street Comr. see that it is re-roofed. Discussed Trustee State moves the St. Comr. have a new 3 ply rubberized roof put on the Calabazas so soon as weather permits - seconded by Trustee Batt & Carver. The St. Comr. present acknowledges notice of the action. Trustee Hermes states 50 car loads of Belsey Ann Rock are coming must be unloaded - the town must help some way. some are to be hauled to Havens some to Baulders & some to Kelseys. Trustee State remarks if Belsey Ann has ordered Rock here at this time of year why not Belsey Ann unload them. Trustee Hermes assisted by Pres. Jones explain that they are coming now because bat. now at about 1/2 summer prices. i.e. 50¢ per ton delivered. That about \$400.00 in work has been promised by the farmers & others & a cash contribution of \$150.00 added to the Belsey Ann money - thus justifying the purchase. Trustee Hermes outlines the plan of distribution by Havens & Baulders beginning at the widow Kelsey farm running west to the County line &c. Trustee Jansch inquires why not haul some Rock down by Rottgers & Lippards where they are badly needed. Trustee State states there are plenty of places in the Village needing Rock worse than at Havens. Trustee Hermes argues he cannot show them, whereupon State designates several holes up main & other streets. Hermes asks that the Village furnish & pay 5 or 6 men to shovel the Rock into wagons, some at O.A. & some at the P. Depot - discussed. Trustee Hermes moves the Village hire the fellows to unload the Rock. seconded by Trustee Bean - put & voted No. & voting for & voting against. Trustee Hermes states now the Belsey Ann Association will carry all the Rocks out in the Country. You will never get hard Roads from the Belsey Ann Association.

On motion of Trustee State - seconded by Trustee Batt the meeting adjourned.

W.H. Goodell
Village Clerk.

1910 Feb 1st 1910. 7 o'clock p.m. Regular Meeting of the pres. Board of Trustees of the Village of Brighton in the County of Macaumpin Jersey
in the State of Illinois 7 o'clock p.m. Meeting called to order by pres. Jones, who directs the clerk to call the roll which being done results as
follows. Pres. Jones present, trustee Bean present trustee Hermes present trustee Miller present trustee Batt present trustee Jansch present trustee
State present. Minutes of last meeting were read. On motion of trustee State approved. Treasurers Report showing bal of \$13.04 was read
on motion of trustee Bean approved.

\$13.04 5.00 Bill of Amasa money paid St. Oil Co. for oil Jan. was read On motion of trustee Batt allowed ordered paid

Application of Hermann Werner for appointment as night watch with police power - Subscription of business men
Citizens accompanying was read. Pres. Jones states former watchman Recker has moved out of the Village. Questions
police man Meyers who states - Recker gave me his star & keys & said had quit. Trustee Hermes brings up
question of hours the night watch should be on duty. It is told by Pres. Jones 8 P.m in winter 9 P.m in summer
as under our old Resolution prescribing his hours. Trustee State remarks, it is expected he be governed by
these hours. If he don't so report the Board will withhold his pay. On motion his appointment - seconded &
Carried Aye.

Pres. Jones state some of our Citizens are here as a Committee to desire to be heard
J. M. Dickerson designates the subject to be the much mooted Belsey Ann Rock proposition which has become a
more or less tangled affair. That a Committee was appointed of Citizens to speak to the Board about it & to
devise ways & means to all get together - 12 Citizens were appointed. Some are here ready to talk to you.
We come as Citizens & Taxpayers. You all know what has been done so it is useless to make a long talk
on that. Upon the understanding of the past year that the new Rock was to be put down East of Hannus
the Belsey Ann Association did as they thought best as to these Rocks, especially under the present conditions
they should virtually must go there, we feel it ought to be considered at least, so we have concluded to
ask you to allow the Belsey Ann Rock to be placed there, to put the road in condition to receive it under
instructions of the State hard roads Engineer. We want you to grade the road giving the water a chance
to get off on each side. See all the holes. It can all be done with scrapers; then plow 4 furrows 2 on
each side to give a shoulder to hold the Rock. There should be about 150 feet of tile laid in the road.
it has been said this thing would cost about \$160.00 - we find it can be put there for about \$12.00 or
\$148.00 less. There is no feeling in this matter gentlemen its simply a matter of Citizens, the Board

Everybody get together. Pres. Jones invites further discussion. Mr. J. J. Doolich states
that Mr. Dickerson has stated the proposition fully. It is not necessary to discuss the matter fur-
ther. It will evidently not cost much to do the work - let the town place the road in condition - the
Country people to haul & place the Rock. Pres. Jones asks Dickerson if has figured on the cost
Dickerson replies No. Mr. Doolich suggests - I think a couple men & horses ought to do it
in a half day. The grading having to be done ordinarily the extra cost would be small.

Mr. Dickerson offers to name the Committee & President Jones invites Dickerson naming
Mr. Doolich, D. N. Blodgett Mr. Chamberlain Geo A. Brown Mr. Schroeder. H. J. Martin. Fred Simmons
H. Heidemann Dr. Harris E. Franz & myself. Trustee State states - I cant see why they come here
ask us to prepare the road for Rock when Mr. Hermes the spokes man for Belsey Ann at our
last meeting notified us we would get no Rock. The minutes of our meeting read that way gentlemen

pres. Jones remarks, I assume the Citizens that they might figure out a way to fix the matter up. Dick-
erson states that is the fact - we want to get right & get together. Its simply a case of everybody get
right. if we are wrong we want to get right. if you are wrong why you get right, trustee State

right. if we are wrong we want to get right. if you are wrong why you get right, trustee State

intimates you are here as Agents of the Belsey Ann Association Dickerson assures him that is not the case at all - we are here as Citizens Taxpayers - Trustee State states - it looks singular to me that they went ahead, located places, planned, bought Rock & made all arrangements, ignoring the Board & Street Committee. This Committee outside of myself are men of good judgment & ready to continue to do anything for the benefit of the town. I see no reason why they be turned down. They were never asked to confer with anybody or told what you would like us to do. Not once. There has been a lot of hard things said about us, especially concerning our action at our last Board Meeting, some people have even intimated that these men had rings in their noses & I was pulling them up. This is not so. I neither tried to use nor did I have any influence with them. They stood up for the town themselves & protected our treasury funds. Mr. Dickerson says we admit the Belsey Ann Association has made some mistakes - all men make them - we ought not all be made suffer for it. I give you all credit for having done well as a Street Committee. We can as a community must get together. The authority of the Street Committee has never been questioned. Trustee State asks the Clerk to read the Record of the Street Committee Appointment & duties prescribed in May 1907. (which was done) & says under that we have a right to place material where we see fit for the best of the town. At a Belsey Ann Meeting last September I think Mr. Kelsey made a motion that the Street Committee have nothing to say about the Rock - we will put them where we please he said, & Trustee State asks who the Rock here now belongs to? Dickerson replies to the Highway Commissioners. Our were ignored since that time. Trustee State asks why should we pay for grading & filling Roads - Dickerson replies - always before - the Village has unloaded & prepared & loaded all Rock at an estimated cost of \$15.00 per car - I say estimated cost mind you - State states that Village Rock was shovelled out for \$3.00 per car & loaded & all work done with 2 teams a day per car. Dickerson says he wants to assure the Board he had only undertaken to estimate prior cost & did not pretend to know the exact costs, & further - the Rock now here would probably not be used for some time. Trustee State admits cost of placed former Rock including Street Commissioners pay was \$10.00 & \$11.00 per car. & continues - if these Rock are not to be used until fall why quarrel about it now - let us wait until summer time & talk it over in the shade - Dickerson assures Mr. State - we have no quarrel - we know the Board did exactly right last meeting - we would like an expression on our plans now though. If you turn us down that is alright & no hard feelings coming. State states the time is too far off let us wait until the new Board is elected in the spring at least maybe our successors would not carry our ideas. Dickerson once more asks for an expression of sentiment now. State again states I don't see any use in going ahead now. - I move the proposition presented here be not accepted motion seconded by Trustee Jansch - put & Carried Aye. 4 Voting Aye & 2 No. Then Dickerson states will we have another proposition - Now Gentlemen we would like to know if you will let us put that Rock down there - Trustee State states we have no objection whatever to your putting Rock down. Pres. Jones invites comments & further talk by Citizens. Trustee Bean says I make a motion to give them that privilege - Trustee State inquires where, Dickerson replies Brown Street, motion seconded by Trustee Hervey put & voted down - 2 Voting Aye & 4 Voting No. on motion of Trustee State meeting adjourned, any interlineation

Prices on various roofing iron made by Mr. Schneider read & discussed for Calab case. Trustee Stree recommending \$5.00 iron instead of \$10.00. On a roof of the open hearth iron at 5th per square be put on. Because Carried Ays. Bids of Brighton L. Co. & J. Amann on certain tiling & bar lead cement read. Trustee Stree states the big tile mentioned was for work like the Hippocamp Culvert. says we have examined the place & find the hearth needed a big iron Culvert the size now there - attach some on one end - take off a gauge & put one piece on the other side making a 4 ft Culvert. is we need left now 4 ft. perfect priced by Mr. Farnce - he to keep us put it in. I suggest we do so - I move we buy 6 Culvert feet for the purpose. Because by trustee Feller & Amann Ays. Trustee Stree moves we reject the bid made on 30 in. tile, having no use for it. Because & Amann Ays. Trustee Stree moves the Brighton L. Co. being the lower bidder on other tile desired their bid be accepted - Because & Amann Ays. Cement bids discussed. Trustee Stree moves we accept Mr. May's bid on Cement 1st class 40 Sax Relined; Because by trustee Bott & Amann Ays. Trustee Stree brings up matter of road grader left here by C. J. Amann on trial priced to us @ \$12.50. Mr. Amann reports fine work & more than the old drag with 1 man less & it can be set to cut lumps of fire holes. Pres. Jones suggests it may be a little short but thinks should purchase one. Because Trustee Feller moves the drag be purchased of Mr. Farnce. Because & Amann Ays. Trustee Stree brings up a matter spoken of to him a few days ago - the North side of Mr. Cully's kitchen has slop running up against side walk & beginning to smelt. Pres. Jones remarks had hoped Mr. McElroy would abate it - adding I think the Board of Health should abate it - so ordered. Pres. Jones suggests the Cemetery Board wants to use the room so as possible. Trustee Bott says Schneiders want a walk from Main St. to their house. Trustee Stree suggests when we get through work in lower Brighton perhaps we will have some plank to use up there. Trustee Feller suggests we use gravel at Schneiders if obtainable. on motion of trustee Stree meeting adjourns.
