The ditch back of his Cather alley properly needs cleaning badly. Trustee State says that is a hard ditch to keep clean - Pres. Jones states Mr Ingelhardt is willing to clean it out if agreeable to us. Trustee State says - alright @ we might use the dirt in middle of alley. Pres. Jones expresses realization of difficulty in keeping that ditch clean @ remarks of a place on main st. where the Tenant slaps drainage by throwing his coal ashes in the ditch while a little further out might do some good. Asks if anything else before the meeting. Clerk Goodlee remarks D. might say to the Board that all Election Notices have been properly posted @ other things done concerning the ensuing Election. Agent requests a hearing. Says - "We want a member of the Independent party to be appointed a judge of Election at the Village Election." Trustee State remarks - "No politics in this Election." Agent states I have an opinion from the Atty. Genl. if you care to see it or have it read. Pres. Jones inquires of Village Atty. Goodlee "how will we work this out?" @ Goodlee replies - I don't know unless the Board can find some way to remove one of the gentlemen already appointed a judge @ you can't very well do that unless for some misconduct. Trustee State remarks they (meaning the judges) have already performed a part of their duty. Trustee Manson @ others discuss the matter @ ask that the Atty. Genl. letter be read. Gent. hands to Clerk @ its read @ discussed as to what constitutes a party @ Gent stating repeatedly "you can tell who belongs to the Independent party by the petition @ by the Voters. Referred to the Village Atty. who states. The Ballot is a sacred institution @ it is not for the Election Officers to say who did or did not vote a certain way - it is not a matter to be hashed around the streets by any one or told under any circumstances. Gent insists that all other Election shows who voted party tickets - @ Goodlee states "well no man is going to see the Returns of the Village primary without legal procedure - that is final @ decisive. Pres. Jones again asks Goodlee if can suggest a way out @ he replies "Not without cause" - that unless an appointee has done some illegal act this Board has no power to eliminate him - @ asks - who will you ask to get out? @ why? Trustee Batt. says it don't look right to do away with one of our judges @ appoint another. @ Goodlee remarks - if one of the appointed judges should be guilty of violation of law it would of course invalidate the Election - but if not, I do not believe his service would in itself make it void. Matter of Judges is switched to Clerk - Trustee State mentioning Henry Bloomer whom Gent says "would be an acceptable Clerk to us" - then a general discussion of how to determine who may belong to any certain party - primary Election Returns being again mentioned - upon which Clerk Goodlee states "No one will go through those returns for any such purpose." Pres. Jones remarks "well if one of the judges should lay abed or something that morning another might be appointed. Henry Bloomer last out that way - @ Goodlee remarks - yes I came up primary morning to swear the Election Officers in @ Mr Bloomer not coming I was appointed to serve in his place as clerk that day. Then whether Bloomer voted an "Independent" or "Citizens" ticket was brought up @ some one asserted his vote was independent. Goodlee again insists its no bodys business what sort of ticket he or any one else voted at that primary @ concludes "I don't see how you are going to change your appointees Gentlemen. Trustee Schur says - None of them are crooked - Gent remarks - No - but since you brought up that matter a man a year ago asked for help in voting @ only 1 man went into the hall with him. I don't say it wasn't alright but the law says 2 men. Trustee State says I think it was the duty of this parties to be present when these Election officers were appointed @ suggest who they would have appointed if they fail.
