John Moore wanted to inform the board he had done some online research on Republic Services and found they had a 1.16-star approval and the person commented they only gave one star because they had to give at least one, but they did mention they had friendly tellers on the phone. John wanted to tell the board he liked Sanders and his tips his driver on a regular basis. John said he comes into the Municipal building and knows how busy each person is and he feels no one has extra time to answer trash questions if people had them.
 - ii. Elaine Weaver wanted to thank the water department. She had a water leak in the wall and they came quickly and turned off her water to stop any further damage until the plumbers arrived. Mayor Kasten asked Kaleb if he could relay this to the Public Works.
 - iii. Barb Coles said she has been a resident for 46 years and she would like to keep Sanders Trash and pay her bill herself. She said her neighbor is elderly and does not pay for trash service. The neighbor's son comes each week to collect her bag of trash and puts it with his weekly trash. She thinks it isn't fair to charge everyone for trash service if they don't want to pay for it.
