#### INDEPENDENT AUDITOR'S REPORT

Mayor and Board of Trustees Village of Brighton, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Brighton, Illinois, as of and for the year ended June 30, 2011, which collectively comprise the Village's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Village of Brighton, Illinois' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Brighton, Illinois, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 13, 2011, on our consideration of the Village of Brighton, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require the budgetary comparison information on pages 26 through 30 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Village of Brighton has not presented the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be a part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Brighton, Illinois' basic financial statements as a whole. The combining and individual nonmajor fund financial statements and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mayor and Board of Trustees Village of Brighton, Illinois

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Village of Brighton, Illinois (the Village), as of and for the year ended June 30, 2011, which collectively compromise the Village of Brighton's, Illinois, basic financial statements, and have issued our report thereon dated September 13, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Village's, internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

322 State Street • Alton, IL 62002 • o 618.465.4288 • f 618.462.3818

143 North Kansas • P.O. Box 633 • Edwardsville, IL 62025 • o 618.656.1206 • f 618.656.3536

#2 Woodcrest Professional Park • P.O. Box 374 • Highland, IL 62249 • o 618.654.9895 • f 618.654.9898

106 County Road • Jerseyville, IL 62052 • o 618.498.6841 • f 618.498.6842

RR 3, Box 129BA • US Hwy 267 N • Carrollton, IL 62016 • o 217.942.3821 • f 217.942.6614

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings that we consider to be significant deficiencies in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Village's, financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Trustees, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Scheffel + Cayouy P.C.

## VILLAGE OF BRIGHTON, ILLINOIS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2011

| Net Change in Fund Balances - Total Governmental Funds   | \$ | 24,269   |
|--|----|----------|
| Amounts reported for governmental activities in  |    |          |
| the Statement of Activities are different because:   |    |          |
| Governmental funds report capital outlays as expenditures while  |    |          |
| governmental activities report depreciation expense to allocate those  |    |          |
| expenditures over the life of the assets. This is the amount by which capital outlay exceeds depreciation expense in the current period. |    |          |
| estate estate expectation expense in the current period.   |    | (47,008) |
| Expenses for Compensated Absences reported in the Statement of Activities  |    |          |
| do not require the use of current financial resources and therefore are not  |    |          |
| reported as expenditures in governmental funds.  |    | (3,772)  |
| Income Taxes applicable to the Village's governmental activities are not   |    |          |
| earned until available for fund financial reporting and accordingly  |    |          |
| are not reported as revenues on the fund statements.   |    | 1,453    |
| Repayment of principal is an expenditure in the governmental funds but   |    |          |
| reduces liability in the Statement of Net Assets.  |    | 2.604    |
|  | -  | 2,694    |
| Changes in Net Assets of Governmental Activities   | \$ | (22,364) |
|  |    |          |

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Village of Brighton, Illinois (the Village) conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

#### A. Principles Used to Determine the Scope of the Reporting Entity

The Village's reporting entity includes the Village's governing board and all related organizations for which the Village exercises oversight responsibility.

The Village of Brighton, Illinois has developed criteria to determine whether outside agencies with activities which benefit the citizens of the Village, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the Village exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters), scope of public service and special financing relationship. The Village is not aware of any outside agencies that should be considered for inclusion as a component unit of the Village.

In addition, the Village of Brighton is not aware of any entity which would exercise such oversight as to result in the Village being considered a component unit of the entity.

#### B. Fund Accounting

The accounting system of the Village is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The various funds are grouped, in the financial statements in this report, into three generic fund types (General, Special Revenue and Enterprise) and two broad fund categories (Governmental and Proprietary). The Village does not maintain Capital Projects Funds, Special Assessments Funds or Trust and Agency Funds.

The Village's funds are grouped into two broad fund categories and three generic fund types for financial statement presentation purposes.

#### C. Basis of Accounting

#### GOVERNMENT-WIDE FINANCIAL STATEMENTS

The statement of net assets and the statements of activities display information about the Village, the primary government, as a whole. These statements distinguish between activities that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions. The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, fines and charges, etc). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants.

The net costs (by function) are normally covered by general revenue (property taxes, intergovernmental revenues, interest income, etc.)

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net assets resulting from the current year's activities. When appropriate prior year's financial information has been reclassified to conform with the current year presentation.

#### **FUND FINANCIAL STATEMENTS**

Fund financial statements report detailed information about the Village. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

#### **GOVERNMENTAL FUNDS**

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

#### Revenue Recognition

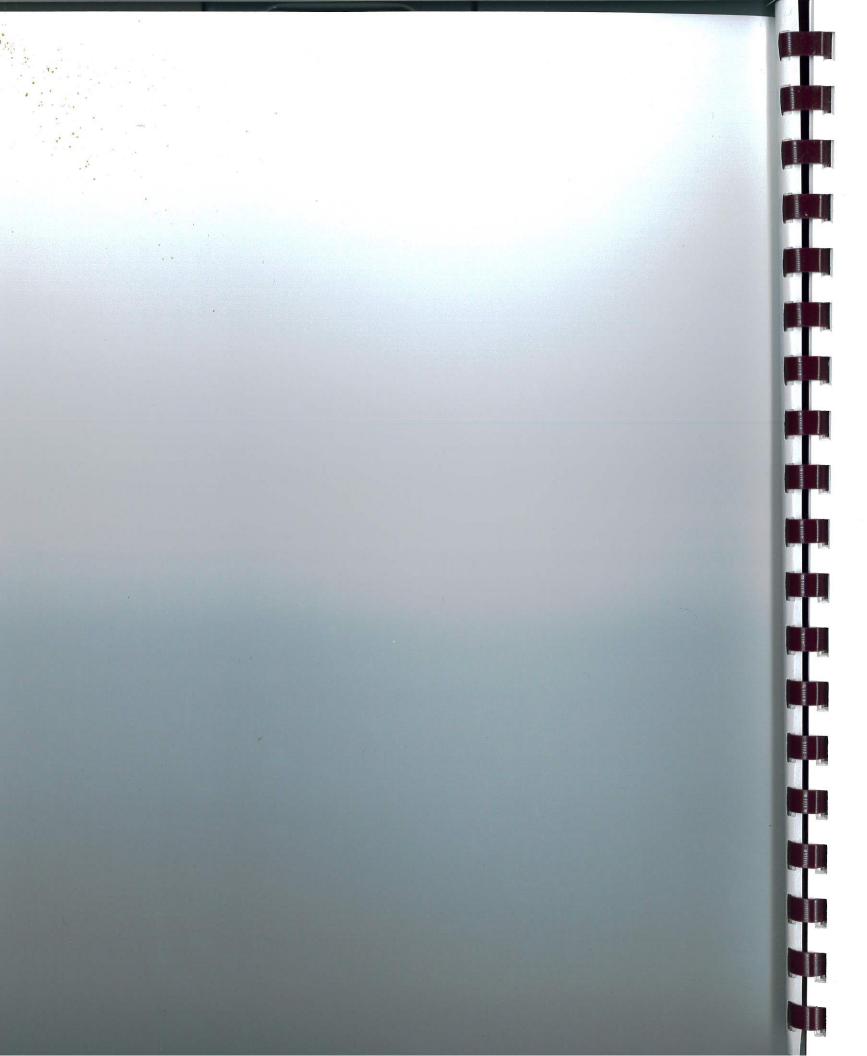

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available. This concept includes investment earnings, fines and forfeitures, and state-levied locally shared taxes (including sales and replacement taxes).

The first installment of property tax though measurable, is not available until late August in the subsequent fiscal year. Therefore, management believes these taxes are not available to fulfill current year obligations. Therefore, property tax receivables are recorded (net of a 2% allowance for uncollectible accounts) and deferred until they become available.

Other revenues, including licenses and permits, certain charges for services, and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

#### Expenditure Recognition

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on general long-term debt, which has not matured, are recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### PROPRIETARY FUNDS

All proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. The economic resource focus concerns determining costs as a means of maintaining the capital investment and management control. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility receivables are recorded at each year-end based on estimates arrived at by multiplying the average number of unbilled service days by the average dollar usage per customer derived from the last billings sent to the customer. An allowance for uncollectible accounts has been established based on specifically identified accounts plus an estimate based on historical figures.

#### D. Vacation and Sick Pay

The Village grants vacation leave each year to employees who have worked over one year based on the following schedule:

| Years of Service | Days of Vacation |  |  |  |  |
|------------------|------------------|--|--|--|--|
| 1                | 10.0             |  |  |  |  |
| 3                | 12.0             |  |  |  |  |
| 5                | 15.0             |  |  |  |  |
| 10               | 17.5             |  |  |  |  |
| 15               | 20.0             |  |  |  |  |
| 20               | 22.5             |  |  |  |  |
| 25               | 25.0             |  |  |  |  |

Vacation days are earned throughout the year of service, but cannot be taken before the employee's anniversary date. Vacation days are forfeited if not taken within one year of the anniversary date, but are payable at the cessation of a person's employment, so an accrual is recorded in the financial statements. The accrual includes the remaining unused days to which the employee was entitled as of the last anniversary date plus a pro rata share of the current anniversary year which is payable if the employee leaves. The Village is liable at June 30, 2011 for \$2,520

The Village's sick leave policy grants an employee 6 paid sick days per year. The policy permits an accumulation of up to 60 days of unused sick leave. The Village is liable at June 30, 2011 for \$24,566 in unused sick leave.

#### E. Cash

Cash is presented in the combined statement of cash flows and is defined as cash and other monetary investments that carry an original maturity date of 90 days or less. Transactions involving investments with maturity dates greater than 90 days are reflected in the statements of cash flows under the caption "Cash Flows From Investing Activities."

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### F. Governmental Receivables

Long-term receivables due to governmental funds are reported on their balance sheets, in spite of their spending measurements focus. Special reporting treatments are used to indicate; however, that they should not be considered "available spendable resources," since they do not represent net current assets. Recognition of governmental fund type revenues represented by noncurrent receivables is deferred until they become current receivables.

#### G. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

#### H. Budgets and Budgetary Accounting

Appropriations are authorized by ordinance for the General and Special Revenue Funds and prepared under the same method of accounting used for the fund financial statements. The Village uses the fund appropriations for its budgetary control. Fund expenditures may not legally exceed appropriations. Appropriations lapse at year end. The appropriation ordinance, which was not amended, was adopted on September 7, 2010.

#### I. Net Assets

Net assets is the difference between assets and liabilities. Net assets invested in capital assets are capital assets less accumulated depreciation. Net assets are reported as restricted when there are legal limitations imposed on their use by Village legislation or external restrictions by other governments, creditors or grantors.

#### J. Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation bases for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 10 to 60 years; improvements/infrastructures, 5 to 60 years; equipment, 5 to 15 years.

#### NOTE 2. FUND BALANCE REPORTING

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. Below are definitions of the differences and how these balances are reported:

#### A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories or prepaid amounts. The Village had \$134,704 of nonspendable funds at fiscal year end June 30, 2011.

#### B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or law and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specific purposes. The Village has several revenue sources received within different funds that fall into these categories:

#### 1. Property Tax Levy

Proceeds from this restricted tax levy are accounted for in the respective funds of the Village. Revenues received exceeded expenditures disbursed from tax levies, resulting in a restricted fund balance of \$52,213.

#### 2. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the General Fund. At June 30, 2011, expenditures disbursed exceeded revenues received from federal grants, resulting in no restricted fund balance.

#### 3. Sales Taxes

Proceeds from sales taxes and the related expenditures have been included in the Business Tax District Fund. At June 30, 2011, revenues received exceeded expenditures disbursed from sales taxes, resulting in a restricted fund balance of \$2,544.

#### 4. Motor Fuel Taxes

Proceeds from motor fuel taxes and the related expenditures have been included in the Motor Fuel Tax Fund. At June 30, 2011, revenues received exceeded expenditures disbursed from sales taxes, resulting in a restricted fund balance of \$136,575.

#### C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the Village's Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

#### NOTE 2. FUND BALANCE REPORTING (CONTINUED)

#### D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the Village's Board itself or (b) the finance committee, if applicable, to assign amounts to be used for specific purposes. The Village had \$76,197 of assigned fund balances as of June 30, 2011.

#### E. <u>Unassigned Fund Balance</u>

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Fund. The Village had (\$54,839) of unassigned fund balances as of June 30, 2011.

#### F. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

#### NOTE 3. CASH AND CERTIFICATES OF DEPOSIT

Cash and investments as of June 30, 2011 are classified in the accompanying financial statements as follows:

 Cash
 \$ 1,827,300

 Investments – Time Certificates
 138,479

 Total
 \$ 1,965,779

Cash includes \$303 of cash on hand and \$1,826,997 of deposits with financial institutions of which \$301,937 is insured by FDIC limits and the remaining balance is fully collateralized. Of the investments in time certificates, \$279,585 is insured by FDIC limits and the remaining balance is fully collateralized.

The Village's investment policy, which was adopted on December 6, 1999, allows investments in any type of security allowed for in Illinois Statutes regarding the investment of Public Funds.

The Village's funds are required to be deposited and invested under the terms of a depository contract pursuant to Statute. The depository bank pledges for safekeeping and trust with the Village's third party agent, approved securities in an amount sufficient to protect Village funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the dollar amount of Federal Deposit Insurance Corporation coverage. Under the depository contract, the Village, at its own discretion, invests funds in time deposits and certificates of deposit provided by the depository bank at interest rates approximating United States Treasury Bill rates.

#### NOTE 3. <u>CASH AND CERTIFICATES OF DEPOSIT</u>(CONTINUED)

#### A. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the Village manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

At June 30, 2011, the remaining maturity for all certificates of deposit held by the Village is 12 months or less.

#### NOTE 4. PROPERTY TAX REVENUES

The Village levies property taxes in December of each year. The calendar year 2010 tax levy was adopted on June 9, 2011. Property taxes levied become a lien on Village residents' properties on the first day of the levy year, which is the succeeding calendar year. The County Collectors mail the property tax statements approximately six or seven months after the lien sets in on properties. Taxes are usually payable in two installments. The County Collectors receive property tax revenues and remit them to the Village within two to six months after the statements have been mailed to the residents. The total time elapsed between the levy and collection of taxes by the Village is approximately one to one-and-one half years.

Due dates for 2010 taxes are as follows:

|                 | First Installment | Second Installment |
|-----------------|-------------------|--------------------|
| Macoupin County | August 15, 2011   | September 16, 2011 |
| Jersey County   | August 15, 2011   | September 16, 2011 |

#### NOTE 5. PROPERTY AND EQUIPMENT

Capital asset activity for the year ended June 30, 2011, was as follows:

|                                   | Beginning Balance | Increases       | Decreases | Ending<br>Balance |

## VILLAGE OF BRIGHTON, ILLINOIS NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2011 PMENT (CONTINUED) to functions as follows:

#### NOTE 5. PROPERTY AND EQUIPMENT (CONTINUED)

Depreciation was charged to functions as follows:

Business-type Activities:

Water\$ 86,851Sewer127,036Total Business-type Activities Depreciation Expense\$ 213,887

#### NOTE 6. <u>INTERFUND RECEIVABLES AND PAYABLES</u>

A summary of inter-fund receivables and payables as of June 30, 2011 follows:

| Due From Street and Bridge Fund Parks and Recreation Fund Audit Fund Tort Insurance Fund | Amount<br>\$ 89,839<br>17,010<br>11,693<br>2,844  |
|--|---|
| <u>Due From</u>  | \$ 121,386  Amount  |
| General Fund General Fund IMRF Operation and Maintenance Operation and Maintenance       | \$ 18,800<br>14,445<br>15,000<br>3,985<br>  |
|  | Street and Bridge Fund Parks and Recreation Fund Audit Fund Tort Insurance Fund  Due From  General Fund General Fund IMRF Operation and Maintenance |

The governmental fund interfund receivables and payables are due to bills being paid by the General Fund at times when the other funds may not have sufficient cash balances primarily. Insufficient cash balances are due to the timing of property tax revenue payments. The proprietary fund interfund receivables and payables are due to a monthly transfer error between the Water and Sewer Operation and Maintenance Fund and the Depreciation and Surplus Funds. The balances stated above are not expected to be repaid within the next year.

#### NOTE 7. INTERGOVERNMENTAL COOPERATION CONTRACT - RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage and destruction of assets; errors and omissions and natural disasters for which the Village provides insurance coverage.

The Village is a part of an intergovernmental cooperation contract with the Illinois Municipal League Risk Management Association for the purpose of maintaining insurance coverage.

Coverage is provided from a self-insured retention fund established by the Association from municipal member's yearly contributions. Each municipality, which is a member of the Association, has agreed through the intergovernmental cooperation contract to appropriate each year, by ordinance, a sum of money sufficient to pay its required contribution plus its pro-rata share of any deficits which may occur in the self-insured retention fund.

#### NOTE 7. INTERGOVERNMENTAL COOPERATION CONTRACT – RISK MANAGEMENT (CONTINUED)

The Village's contributions to the self-insured retention fund during the year ended June 30, 2011, totaled \$32,217.

There have been no significant reductions in coverage for the prior year and settlements have not exceeded coverage in the past three years.

#### NOTE 8. <u>LEGAL DEBT MARGIN</u>

The computation of legal debt margin is as follows:

| Assessed valuation as of December 31, 2010                          | <u>\$28,018,671</u>      |
|---|--------------------------|
| Debt limit - 8.625% of assessed valuation<br>Less, outstanding debt | \$ 2,416,610<br>(36,112) |
| Legal debt margin   | \$ 2380498               |

#### NOTE 9. FUND BALANCE AND NET ASSETS AND EXPENDITURES OVER BUDGET

The following funds showed deficit fund balances at June 30, 2011:

| Street and Bridge    | <u>\$ (88,814)</u> |
|----------------------|--------------------|
| Parks and Recreation | \$ (9,878)         |
| Audit                | \$ (11,691)        |
| IMRF                 | \$ (13,350)        |

The following funds had actual expenditures in excess of budgeted expenditures for the year ended June 30, 2011:

| Library               | \$ 163   |
|-----------------------|----------|
| Business Tax District | \$ 213   |
| Parks and Recreation  | \$ 3,457 |
| Civil Defense         | \$ 199   |

#### NOTE 10. GRANTS

In the normal course of operations, the Village receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

During the year ended June 30, 2011 the Village was awarded a \$211,000 grant from Illinois Housing Development (IHDA) to rehabilitate five substandard deteriorating, single-family, owner-occupied, very low to moderate income status households in a targeted area of the Village. This grant was awarded July 30, 2010. During the year ended June 30, 2011, the Village received \$211,000 and expended \$210,522.

#### NOTE 11. DEFINED BENEFIT PENSION PLAN

Plan Description. The employer's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at <a href="https://www.imrf.org">www.imrf.org</a>.

Funding Policy. As set by statute, your employer Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for calendar year 2010 was 9.10 percent of annual covered payroll. The employer annual required contribution rate for calendar year 2010 was 12.65 percent. The employer also contributes for disability benefits, death benefits and supplementary retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. For fiscal year ending December 31, 2010, the employer's actual contributions for pension cost for the Regular were \$20,175. Its required contribution for calendar year 2010 was \$28,046.

Three-Year Trend Information for the Regular Plan

| Fiscal<br>Year<br><u>Ending</u>  | Annual Pension <u>Cost (APC)</u> | Percentage of APC Contributed | Net Pension Obligation |
|----------------------------------|----------------------------------|-------------------------------|------------------------|
| 12/31/10<br>12/31/09<br>12/31/08 | \$ 28,046<br>18,804<br>20,649    | 100%<br>100%<br>100%          | \$ 0<br>0              |

The required contribution for 2010 was determined as part of the December 31, 2008 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from .4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of your employer Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The employer Regular plan's unfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Funded Status and Funding Progress. As of December 31, 2010, the most recent actuarial valuation date, the Regular plan was 82.07 percent funded. The actuarial accrued liability for benefits was \$1,062,110 and the actuarial value of assets was \$871,653, resulting in an underfunded actuarial accrued liability (UAAL) of \$190,457. The covered payroll for calendar year 2010 (annual payroll of active employees covered by the plan) was \$221,705 and the ratio of the UAAL to the covered payroll was 86 percent.

The schedule of funding progress presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

#### **VILLAGE OF BRIGHTON, ILLINOIS** NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2011

#### NOTE 11. <u>DEFINED BENEFIT PENSION PLAN</u> (CONTINUED)

| Actuarial Valuation | Actuarial Value of Assets(a) | Actuarial Accrued Liability (AAL) Entry Age(b) | Unfunded AAL (UAAL) _(b-a) | Funded<br>Ratio<br>(a/b) | Covered Payroll (c) | UAAL as a Percentage of Covered Payroll((b-a)/c) |
|---------------------|------------------------------|--|----------------------------|--------------------------|---------------------|--|
| 12/31/10            | \$ 871,653                   | \$ 1,062,110                                   | \$ 190,457                 | 82.07%                   | \$ 221,705          | 85.91%   |
| 12/31/09            | 806,686                      | 976,032  | 169,346                    | 82.65%                   | 227,380             | 74.48%   |
| 12/31/08            | 761,502                      | 915,703  | 154,201                    | 83.16%                   | 213,098             | 72.36%   |

On a market value basis, the actuarial value of assets as of December 31, 2010 is \$913,710. On a market basis, the funded ratio would be 86.03%.

In the normal course of operations, there may be various outstanding contingent liabilities such as lawsuits, etc., which are not reflected in the accompanying basic financial statements. The Village's management is of the opinion that insurance coverage is adequate to cover any anticipated losses.

#### NOTE 13. NOTE PAYABLE

During fiscal year end June, 30 2007, the Village entered into a financing agreement to purchase a Caterpillar Backhoe. Annual payments of \$7,673, including principal and interest, are due each year on April 17, for the first four years of the agreement, with a final balloon payment due in the fifth year. During the Fiscal Year 2011, interest expense included in the annual payment was \$2,285. Payment will be equally shared by the units Governmental funds and Enterprise funds. Payments for the remainder of the agreement are as follows:

\$ 36,112

#### NOTE 14. SUBSEQUENT EVENTS

The effect of subsequent events on the financial statements have been evaluated through the date of this report, which is the date the financial statements were (available to be) issued.

\$ 36,112

# VILLAGE OF BRIGHTON, ILLINOIS SCHEDULE OF FINDINGS JUNE 30, 2011

2011-01. The Village relies on external auditors to complete year end journal entries, account reconciliations and ensure that the Village's financial statements are prepared in accordance with generally accepted accounting principals and all required disclosures, as well as, to maintain the depreciation schedule and record depreciation expense.

Management's Response: The Village believes their accounting staff maintains adequate records of the Village's transactions. Additionally, the Village does not believe it is cost beneficial to hire additional accounting expertise to ensure the Village's annual financial statements are prepared in accordance with generally accepted accounting principals and all required disclosures.

2011-02. The Village lacks proper segregation of duties amongst its employees. The basic premise is that no one employee should have access to both physical assets and the related accounting records or to all phases of a transaction. The result is the danger that intentional or unintentional errors could be made and not detected.

Management's Response: The Village believes their accounting staff maintains adequate records of the Village's transactions. Additionally, the Village believes there is proper oversight from the Mayor and Village Board.
