- 3) Public Comment: Eric Benefiel spoke about the need to put more money into the Streets Fund and less into the Parks Fund. Our streets have deteriorated and need attention.
- 4) New Business: Discuss/Possible Action: 2025 Tax Levy Ordinance. Mayor Kasten stated that most street funds come out of MFT. Discussion ensued about what accounts could be adjusted. Trustee Little suggested that the Village get bids from other auditors. The Tax Levy Ordinance is a proposition of how to spend the tax dollars received from County Property Taxes. The Village doesn't determine the amount received from the County. Discussion only-NO ACTION
